

The People At Work Philippines Promote Cesar Ginete to Chief Operating Officer

Manila, 5 March 2015 -- The People At Work Philippines announced early this year that Cesar Ginete (*pic*) has been promoted to Chief Operating Officer, effective January 2015. Cesar previously served as Vice President, a position he has held since 2014. He was in the same role for more than five years in StratSearchAsia prior to it becoming part of The People At Work in 2014.

In his new leadership role, Cesar will spearhead all the company's operating activities and oversee all aspects of client management and operations of the company.

"I'm very pleased to have an individual of Cesar's competence to lead the company's operational activities, while I can focus on the strategic progression of TPAW Philippines," said Roland Enric Dela Cruz, President and Country Manager.

"I deeply appreciate the support and trust of TPAW management in our Philippines operations. My team also deserves to be commended for their effort, dedication and the excitement to venture into new business initiatives. With their continued support, our clients validated tremendously the changes we introduced in our services. Together, we all look forward to more robust years for The People At Work in the Philippines," remarked Cesar Ginete, Chief Operating Officer.

Cesar holds a Bachelor of Science degree in Psychology from Far Eastern University and a Diploma in Industrial Relations from the University of Philippines.
